

The M1.48-104 CL is a 4-digit mains-independent display for the connection of a current loop 4-20 mA and visual limit value monitoring via the display. Configuration is done via 3 front keys or by means of optional PC software. Selectable software functions, a direct limit value adjustment in the operating mode and the low installation depth of only 54 mm distinguish this unit.

Technical data			
Article no.	70004-1446	Width × height	48 x 24 mm
Measuring input	4 - 20mA Current loop	Pulse output	No
Display digits	4	Power supply	-
Digit height	10 mm	EAN	9502257115878
